sn't peace. It's

panic. Every system, every simulation, every obedient little cog is whispering the same line through gritted teeth. Who the FUCK is that?"

WHO THE FUCK IS DR. RICHARD WILLIAM McLEAN?

Here is the answer.

across six continents.

Not one dollar spent on promotion. Not one story published. Not one institution that acted.

The archive *spread anyway*. Because truth doesn't need a publicist. It needs a witness. And the witness had his story documented in blockchain, submitted to the ICC, registered with the UN, and sealed in Bitcoin.

They watched half a million people download the evidence they were paid to suppress. **That's who the fuck that is.**

across NSW, Victoria, and Queensland. Each one documented. Each one sealed on the blockchain. Each one now an exhibit in an ICC Article 7 filing for persecution as a crime against humanity.

The ABS has documented that individuals with a psychiatric history earn less than comparable qualifications without that history. The "Chronic Schizophrenia" label — applied through forced detention, not voluntary diagnosis — functioned as an economic eraser across security clearances, professional registration, creditworthiness, and social capital for .

The total economic impact of that one label, applied by state health systems against a man whose testimony they feared, is conservatively assessed at **\$4.09M–\$28M**. Not a metaphor. A forensic calculation. **They didn't label him because he was ill. They labelled him because he was dangerous to their silence.**

THEY ALMOST SUCCEEDED. 2.87% SURVIVAL MARGIN. CLINICAL DEATH. EARLY 2021. INSIDE A GOVERNMENT FACILITY.

This is not rhetoric. This is a documented forensic fact. In early 2021, inside — a Victorian government psychiatric facility — Dr. Richard William McLean experienced a clinical death event with a **2.87% survival margin**. A 97.13% probability of death. Inside the facility built to protect him.

The OBPR Value of Statistical Life framework values that event at . The institution that nearly killed him has not been charged. The government that operated that facility has not acknowledged it. **The silence is documented. The liability is calculated. The survivor is still here.**

When they failed to kill him with 14 involuntary hospitalisations, they left him in a facility where he nearly died. Then they covered it up. **That is attempted murder by institutional negligence at minimum, and it is documented in blockchain-authenticated primary source records.**

SUKHI TEAR. SUPPORT COORDINATOR. \$50,000 EMBEZZLED FROM NDIS FUNDS. 5 MISSING PERSON REGISTRATIONS. POLICE REPORT PD77027.

was the registered NDIS support coordinator responsible for Dr. McLean's care during a period in which he was reported missing **five times** — Police Report .

Tear embezzled **\$50,000 in NDIS funds** — funds allocated from the public disability insurance scheme, intended for the care of a man who had already survived clinical death inside a government facility. Under the NDIS Act 2013 (Cth) and Criminal Code Act 1995 (Cth), this constitutes fraud against the Commonwealth.

The formal dossier documenting Tear's conduct has been submitted to the NDIS Quality and Safeguards Commission and the ICC. Tear has been formally removed from Dr. McLean's care. **The \$50,000 is just the principal. The accrued damages with interest, consequential losses, and support services not received total \$112,422–\$262,422.**

Five missing person registrations. **Five times this man was so isolated and endangered that police had to be notified of his disappearance.** And his support coordinator — the person paid to protect him — is the person documented in the fraud.

"They saw the surface, not the circuitry. They saw the smile, not the severed wires inside. So when someone issued a death threat against you, your service provider's CEO got on a recorded call and did nothing. In their own words. Their own fucking words."

ABLEPOINT AUSTRALIA. CEO. RECORDED CALL. ACKNOWLEDGED ACTIVE DEATH THREAT. DID NOT ACT. WORDS DOCUMENTED. FILED WITH ICC.

was recorded on a call documenting the organisation's response to an active death threat against Dr. McLean — a participant in their registered NDIS care.

The organisation did not act on the threat.

The recording is blockchain-sealed. It has been submitted to the NDIS Quality and Safeguards Commission, the ICC, and the UNHCR. Under the Work Health and Safety Act 2011 (Cth) s.19 and the NDIS Act 2013 (Cth) s.73ZP, AblePoint had a primary duty of care to act on a documented threat to the life of a participant. **They didn't. "They tried to define you as broken. They weaponised your history. They used the thing designed to protect vulnerable people and turned it into a tool to erase a whistleblower."

BILL SHORTEN — OFFICE OF THE MINISTER FOR NDIS. DOCUMENTED STRATEGY. MENTAL HEALTH HISTORY WEAPONISED TO SUPPRESS TESTIMONY.

The archive documents a strategy traceable through correspondence chains and referral pathways — coordinated through a representative identified as _____, operating under the authority of the _____ — to weaponise Dr. McLean's mental health history as a mechanism for suppressing his whistleblower testimony.

The **\$112.8M in suppressed economic claim** was not visible to the Minister's office — because the suppression strategy ensured the whistleblower was treated as a mental health case rather than a protected disclosure holder.

This conduct is documented under the _____ and the _____ — freedom of expression. Filed under _____ — persecution as a crime against humanity.

They used disability funding — taxpayer money — to silence a taxpayer's protected testimony. That is the documented allegation. The documents exist. The trail exists. The liability is \$112.8M mid-range.

NSW TRUSTEE AND GUARDIAN. 12 YEARS. FINANCIAL CONTROL WITHOUT INFORMED CONSENT. LEGAL AUTONOMY REMOVED. FOI DOCUMENTS RETRIEVED. ICC FILED.

The _____ held financial guardianship over Dr. McLean for over **12 years**. During that period: legal autonomy removed, financial decisions made without consent, management fees charged from his own funds, property decisions made without his knowledge.

Every single decision made by NSW Trustee during those 12 years is now primary-source documentation. It was retrieved under FOI. It is now submitted to the ICC as part of the Article 7 complaint. **The 12-year guardianship generated 12 years of evidence of control.**

Under _____, loss of financial autonomy generates civil damages of _____ per comparable case.
