**Subject: Request for Confirmation  
Regarding Legal Aid and Obligations of  
the Public Guardian**

**Dear Melanie Public Guardian,**

**I am writing to seek confirmation  
regarding a critical matter that  
questions the integrity and purpose of  
your role. As the Public Guardian, your**

**position exists to safeguard and act in the best interests of individuals like me who face systemic neglect and require support. I am now compelled to inquire whether your office intends to obstruct legal help, thereby breaching your foundational duty to care for and protect me, including appointing legal aid where necessary.**

**Over the years, I have endured significant systemic neglect and conspiracies targeting my wellbeing, as evidenced in comprehensive records, including those detailed in the evidence folder linked here: [Evidence Folder](#).**

**These records outline the pervasive harassment, discrimination, and denial of support that I have faced. Despite this, I continue to seek justice, dignity, and acknowledgment of the abuses inflicted upon me.**

**The compensation estimates for a successful legal case, based on both**

**domestic and international precedents, are substantial. These include:**

**Lower Estimate: AUD 1.5 - 3 Million**

- **This covers lost wages, psychological damages, and legal costs.**
- **Accounts for basic financial losses, medical malpractice, and damages from systemic neglect and institutional failures.**

**Higher Estimate: AUD 6 - 10 Million**

- **This factors in systemic human rights abuses, long-term psychological trauma, and the necessity for lifelong support.**
- **Includes additional damages for conspiracy, harassment, and the loss of quality of life.**

**It is not sufficient to refer this matter to the NDIS, as their minister is the cause of my exile. I exposed the misappropriation of \$6 billion in funds, which the minister was fully aware of, leading to my persecution. Additionally,**

**the NDIS has been proven to abuse me with impunity. They appointed an NDIA-approved support coordinator, Sukhi Tear, who sustains coercive financial control and family violence. This individual accepts that my Public Interest Disclosure (PID) was never acknowledged, that I was not paid my marriage settlement, HCF income assistance, or workers' compensation, and that I currently live in exile as a politically displaced refugee. I am seeking asylum within the democracy of my citizenship, excommunicated from society and erased from governmental records as a non-entity—reduced to a being requiring money merely to survive.**

**It is also not sufficient to offload legal help to the NDIS because I have an NCAT hearing on the 15th regarding my SILS application at the Administrative Appeals Tribunal (AAT). This case has been procedurally delayed until I can**

**access legal aid, yet the NDIS already has legal representation to deny my SILS. Additionally, Kel Graham has been caught blocking fraud allegations and obstructing providers, despite knowing that Aligned Community Care exploited funds from my plan. Aligned severed the contract and then evicted me as my carers, forcing me to sign a lease under the coercion of being imprisoned in a psychiatric hospital. At the time, the hospital banned my phone, preventing me from contacting others, including Simon Gatt, who had provided a house but was later blocked in favor of Aligned. This situation makes it impossible to believe that Aligned was not aware of my identity as a whistleblower.**

**Furthermore, denying me access to legal aid is a direct breach of the Charter of Human Rights for Disabled Persons. This denial contravenes my fundamental rights as a disabled person to equitable**

**treatment, access to justice, and protection under the law. Such an obstruction exacerbates the discrimination and neglect I have endured, further isolating me from the support and recognition that every individual is entitled to.**

**Additionally, it has been unconscionable for my therapy dog to be trapped inside a home for over four months without access to a yard to toilet in, causing her suffering through me. This breaches animal welfare laws, and such treatment of an innocent animal is deeply distressing and unacceptable.**

**I am also still awaiting the results of my HIV test, which I needed due to the egregious negligence of Baber Rasheed and Alex Aboss. While overseeing my care, they deliberately financially entrapped me—physically, socially, and politically—and neglected to provide emergency medication that could have**

**prevented potential HIV infection.**

**Whether I am positive or not is no longer the issue; it is an egregious human rights abuse to deny medical care. I fully intend to sue both of them for their disgraceful conduct and for the immense distress they have caused me.**

**Today, I discovered that someone entered my house without permission, moved things around, and further harassed me. I have been followed, electronically harassed, gang-stalked, and systematically set up to fail and be framed. These actions are calculated to damage my reputation and isolate me further. I intend to clear my name of the false accusations that have been used to turn people against me. Last week, a housemate of mine left after I was gone for only ten minutes, and a car was waiting to escort him away. It was immediately apparent that his opinion of me had changed drastically, a situation clearly orchestrated by covert agents.**

**THE FOLLOWING IS A SUMMARY OF THE ABOVE INFORMATION.**

**THIS calculated interference in my life will not go unchallenged, and I am determined to seek justice.**

**For the record, I must emphasize that I am not a pedophile, a rapist, an extortionist, or a terrorist. These baseless accusations have been used to defame me, isolate me, and obstruct my access to justice. I am determined to clear my name of these false allegations and ensure that the truth prevails.**

**I have also been formally acknowledged as a victim of crime in New South Wales (NSW). Given this recognition, I request immediate financial assistance from your office, as I am currently homeless, without food, and lacking access to critical medicine. These urgent needs require immediate attention to prevent further harm and to uphold the basic tenets of care and protection that your role represents.**

**Finally, I have CC'd this letter to Legal**

**Aid NSW in the hope that they will not continue to obstruct my justice and will assist in ensuring that my rights and access to proper representation are upheld.**

**Given the evidence and these estimates, I require your immediate confirmation that the Public Guardian will not obstruct my access to legal help, nor will it act in contradiction to its mission of providing support and protection. Please outline the steps you will take to ensure my access to justice, financial assistance, and assistance in pursuing legal remedies.**

**Your prompt response to this matter is not just a procedural necessity but a moral imperative.**

**Sincerely,  
Barran Resonance Dodger**
