**To: The Public Guardian
[Public Guardian's Address]**

**Subject: Immediate Protection and
Investigation into Credible Threats and
Systemic Abuse**

Dear Sir/Madam, Melanie,

I am writing to urgently bring your attention to an ongoing and escalating situation that threatens my life and safety. For years, I have endured systemic abuse facilitated by institutional negligence, corruption, and coordinated targeting. This abuse has reached a critical point, and I am now at imminent risk. I request your immediate intervention to protect me and initiate a

thorough investigation into the systemic failures jeopardizing my safety and well-being.

Background of Abuse and Threats

I have substantial reasons to believe that a coordinated effort is being orchestrated against me, involving influential figures, including Bill Shorten, the NDIS Minister. These actions are connected to a Lebanese NDIS provider with links to criminal organizations, and I have received multiple death threats that appear to be part of a broader campaign of malicious intent. My situation is further compounded by what I believe is a systemic cover-up by law enforcement, who have dismissed my reports of threats and subjected me to unlawful arrests and charges, which have left me in a state of statelessness on five separate occasions. Additionally, I have been hospitalized ten times under suspicious circumstances reinforcing the sense of

circumstances, reinforcing the sense of targeted abuse.

The Context of Systemic Abuse

The abuse I have faced can be broken down into several key areas:

1. NDIS Exploitation: I have been subjected to exploitation by NDIS providers, who have failed to fulfill their obligations, depriving me of vital support and services. Reports, including those from ABC News, have highlighted the widespread corruption in the NDIS system, where criminal gangs have been known to exploit NDIS funds.

2. Coercion and Entrapment: While confined to psychiatric care, I was coerced into entering contracts with organizations like Aligned and Upscale, further entrenching my vulnerability and dependence on corrupt figures within the NDIS framework.

3. Financial and Legal Targeting:

My pension has been withheld, leaving me destitute and unable to pursue legal recourse or advocate for my rights.

4. Criminal Gangs and NDIS

Corruption: A current NDIS provider disclosed alarming information about criminal gangs securing government tenders and being protected by law enforcement, confirming my fears about the systemic corruption within the NDIS.

5. Death Threats: A death threat from an anonymous individual connected to the Lebanese NDIS provider, who has direct ties to criminal organizations, suggests that my life is in grave danger. This individual has indicated that I should “go under the radar” and implied that ASIO has been involved in the deaths of individuals he knew, further underscoring the severity of the threat against me.

Failure of Authorities

Despite numerous reports to the police, their response has been woefully inadequate. I have been repeatedly told they are “busy,” with vague promises of extra patrols that do nothing to address the specific and serious threats against me. This inaction speaks to a larger issue of complicity and systemic failure within law enforcement, where criminal activities and death threats are ignored or downplayed.

Breach of Fiduciary Duty

As the Public Guardian, your office holds a legal and moral obligation to ensure the welfare of vulnerable individuals like myself. The systemic neglect I have faced from both NDIS and law enforcement agencies has allowed these violations to continue unchecked, putting my life at constant risk. Your agency’s failure to intervene has only contributed to the continuation

~~has only contributed to the continuation~~
of my exploitation and abuse.

Demands for Immediate Action

In light of the gravity of this situation, I demand the following actions:

1. Immediate Relocation and Protection: Facilitate my relocation to a secure environment free from the immediate threats I am facing.

2. Comprehensive Investigation: Initiate an independent investigation into:

- The role of criminal gangs in securing NDIS tenders and their protection by law enforcement.**
- The involvement of Bill Shorten and other governmental entities in enabling these corrupt practices.**
- The threats against my life, including those made by individuals with links to criminal organizations.**

3. Access to Resources: Provide immediate financial and legal assistance to ensure I can advocate for

my rights effectively and address the ongoing deprivation I am experiencing.

4. Accountability and Transparency: Ensure full documentation of all actions taken in response to this letter, with the commitment to full transparency throughout the process.

Consequences of Inaction

Failure to act on this request will only intensify the risks I face and will contribute to further harm. Should anything happen to me, your agency's inaction will implicate it in the systemic failure that places my life in jeopardy. This is not only a matter of survival but also one of justice, dignity, and human rights.

I demand urgent and decisive action to ensure my safety and to hold those responsible for this abuse accountable.

**Sincerely,
Barran Dodger**

Key Supporting Evidence:

- **NDIS Corruption: Investigative reports from ABC News and The Age highlight the exploitation of NDIS funds by criminal gangs, corroborating my claims of systemic corruption and abuse.**
- **Failure of Law Enforcement: Numerous instances where police failed to act on serious threats or misconduct connected to criminal networks have been covered by the ABC and other trusted outlets, further underscoring systemic failures in law enforcement.**
- **Voice-to-Skull (V2K) Technology and Psychological Abuse: Evidence of psychological harassment, including the use of Voice-to-Skull technology, has been discussed in various investigative articles, pointing to the covert and torturous nature of the abuse I am enduring.**

- **Whistleblower Retaliation:**
Retaliation against whistleblowers, particularly in the context of corruption within the NDIS system, has been widely reported. The failure to protect whistleblowers under the Public Interest Disclosure (PID) Act is a significant concern that exacerbates my situation.

The video evidence involving the engagement ring with Stefan Iasonidis, the threats from Iasonidis regarding the embezzlement fine, and the death threats from the anonymous NDIS provider further underscore the complex web of corruption and retaliation against me. I urge you to take immediate action to investigate these serious claims and ensure my safety.

Conclusion and Call to Action

I am starving without cash, basic human or legal rights, and facing legitimate death threats that grow more imminent

by the day. My situation is critical, and immediate intervention is essential to prevent further harm.

Your office has a legal and moral duty to protect individuals like me who have been failed by the very systems designed to safeguard them. I am imploring you to act decisively to ensure my safety, restore my dignity, and hold those responsible for this systemic abuse accountable.

Failure to address this matter with urgency will not only further endanger my life but also reflect a grave dereliction of duty by your agency. I am counting on your intervention to break this cycle of neglect and abuse.

I await your immediate response and action.

**Sincerely,
Barran Dodger**
