Subject: Family violence - Urgent from Dr Rich McLean

Dear safe steps family violence

Please help me escape violence financial control and profound systemic neglect

The evidence is in this email

I live under family violence and coercive financial control from Stefan Iasonidis formerly of ASIO who is also in the list above for clarity

Go on just ask him

I want your help but my financial abuse and persecution is condoned by the federal government systemically and politically

They are the body that fund you

I am scared you too will choose to de legitimise my story and refute the evidence in this email because your hands are tied by a power that ultimately controls you

I am willing to talk!

I want to make a truce with the government

Call mark Dreyfus attorney general and demand we speak

I love life and people there is no need to abuse torture jail incarcerate or murder me

Phone number 0451804410 but you know that

Failure to intervene. indicates you condoning my existential threat and being one of my abusers and proves the conspiracy

I am a human being

please don't let a tyrannical government smash your ethical obligation to help me

That's how scapegoating works

I am a scapegoat and now a TI (targeted individual).

I have cc this to a few people who will be able to testify in the federal court should anything happen to me imminently or I am silenced or jailed without trial or fair treatment before the law

Dr Rich McLean

Ps at least life isn't boring! :-)

If you are receiving this email then targeted individual of the Australian government Dr Rich McLean has just walked into your shop and asked for your email address. He has then forwarded this email.

It is highly likely that Rich was followed by covert agents to your store. Please DO NOT reveal Rich's location to police mental health services or authorities. This is certainly counter productive to justice.

Rich's life is in danger.

Rich demonstrates in this email with evidence a conspiracy to pervert the course of justice that has malice to harm him.

This government conspiracy has definitive aims to silence him in any way possible in the following ways:

- 1. To intentionally redact all of his prosperity.**
- 2. To continue to deny his legal rights.**
- 3. To continue to deny his human rights.**
- 4. To vilify him for mental illness to the**

exclusion of all other factors and incarcerate him in an institution as crazy.

5. To frame or blackmail him with crimes he has either already admitted to or alternately has never committed and then jail him.

6 . If they cannot silence him then they aim to kill him via a sustained conspiracy of neglect. This is neglect that is proven to be political and systemic in its nature.

If Rich suicided today after years of persecution it is state sanctioned murder.

If they cannot silence him then forcing his suicide is preferable so that mental illness or drugs can be blamed. This would exonerate all those responsible for persecuting him in a conscious and intentional way from any or all liability.

The last attorney general George Brandis has already passed legislation which states that no government agency would be liable.

This is whether it is ASIO or police or healthcare or politicians or government contractors - no one would be liable for prosecution for deliberate harm or detriment caused to a targeted individual or to Rich.

Even if he was killed.

It's the perfect crime

That's called state sanctioned murder by the Australian Government and they are immune from all

Liability or prosecution.

If there is any doubt on how factual this email is please consider the evidence provided in it including these covert government agents surveilling Dr Rich McLeans old home in Footscray gathering

information with which to be used against him:

<https://youtu.be/3viUVA1fI1k?si=RpJ6qO3kDwtD0mlf>

In fact this prolonged systemic and political abuse that acts via proxy of other agencies individuals and institutions has already forced Rich to suicide in which he has for want of a better description, died but was revived.

Rich is not suicidal. He is protesting this persecution at with your shop because he wants a better life and is desperate for someone-anyone-to stick up for him

He hopes that person will be you. Please forward this email to as many as you can.

Dr Rich McLean killed himself as a reaction to being vilified for mental illness

and intentionally isolated from society.

It was Feb 21 inside weribee mercy hospital. He protested being conspired against and his human and legal rights abused and vilified for mental illness.

He was accidentally found with no pulse unresponsive and revived from certain death by a force that was not him. He believes he is now supposed to be here for a reason but three years after this tragedy the same conspiracy still persecuted him with an aim to kill him.

To abuse someone or intentionally cause harm to someone is plain wrong. To treat them differently because they made a complaint about someone victimises them and causes detriment. Rich has suffered financial detriment human and legal rights detriment his privacy is gone his home is gone his possessions are gone he has no civil liberties he has no access to the law he has no equality before the law he barely has food and he has no money.

He is being victimised politically and systemically and victimisation is also against the law.

To witness the abuse occurring to an individual and still refuse to intervene for any personal or political reason is also the equivalent of abusing that person.

You have a choice today to act to aid and abet Rich's incarceration or death or you can choose what is ethically right and just to do.

Dr Rich McLean has struggled over years. He killed himself in February 2021 inside Weribee Mercy hospital. The FOI from the hospital states Richs injury was "lethal" and a "fatal" injury. He was accidentally discovered by a cleaner with no observable pulse unresponsive and revived from certain death.

Since then Rich suffers from a brain impairment that has never been acknowledged

since then I have suffered from a brain impairment that has never been acknowledged. There has been a whitewashing of the tragedy and cover up at Weribee Mercy Hospital, the HCC, MHCC, AHPRA, NHPOPC, the police, IBAC, the Victorian and federal ombudsman's, the attorney general mark Dreyfus office and from the prime minister himself.

Fast forward nearly three years, and he is homeless with no food medicine or single person in his corner. The systemic and politicised neglect that is risking his very life got so much worse after he was revived.

That neglect kills is clear. That the malice exists to kill McLean can be demonstrated. That this conspiracy to pervert the course of justice aims to at least cause McLean harm by deliberately removing and redacting his prosperity all the while removing his legal and human rights can be demonstrated.

His family have never meaningfully intervened nor defended his right to a life free from political persecution.

Sunday 10th of December 2023. A Statement from Dr Rich McLean alias Barran Dodger.

I am an Australian citizen with clean criminal record who has been rendered as a scapegoat.

I have been ear marked for destruction as a targeted individual (TI) of the Australian government by ASIO and the five eyes beyond. One of the reasons is that no Australian government agency will admit my relationship with former ASIO employee Stefan Iasonidis. He was a criminal mastermind and multi millionaire

who exploited me and left me homeless. He owes me a settlement of our five years engaged together but this has been blocked systemically and politically. The government protect him his reputation and his prosperity in favour of vilifying me for illness. Because of my whistleblowing apparently he was done for embezzlement of a million dollars for his corrupt finances in which he put a million dollars from the sale of a home made by the sale of cocaine in an offshore tax haven. He blames me and has now threatened to kill both me and my dog if he finds us. He won't need to because the government have his back.

Here is me giving him the engagement ring. I was on a disability pension living off a total disability payout whilst he earned \$40000 a month at Apple and at ASIO. There is no question we were together. I have lease agreements and bank statements in each others name.

**As a targeted individual (TI) my problem is systemic and it is political. I need help.
PayID 0451804410.**

I am a failed whistleblower

I have never had a lawyer

I cannot go to police

I am homeless and starving

I am under investigation

I have been tortured in numerous ways

Look at the ways the Australian government has ear marked me for destruction: (this is undeniably true):

AFCA: Banned

AHRC: Won't investigate human rights abuses

NDIS: Funding locked away at NDIA

Centrelink: DSP cancelled

Prime minister: refuses to intervene

ASIO: protect former partner Stefan Iasonidis

AGIS: won't investigate Steve at ASIO

Ombudsman: Refuse all correspondence

AAT: Lost my workcover in corrupt decision

ComCare: Banned

WorkSafe: Banned

Child sexual abuse redress: Never paid

VOCAT: Rejected payments for violent attack

VOCAT: Rejected payments for sexual abuse

Victoria Legal Aid: never had representation

Law Institute: Rejected all help

Sane Australia: Rejected all cries for help

Victoria University: Refuses to intervene

Allen and Unwin: Refuses to help

Jodie Bongetti (sister): Blacked me out of her life

Brad McLean (brother): Blacked me from his life

Parents Doug and April: Think I need hospital and psychiatric drugs

Office of Chief Psychiatrist: refuse to get me psychiatrist

HCC: silenced evidence and ignore me

MHCC: silenced evidence and ignore me

Police: leave me alone and also want to incarcerate me and chasing me

IBAC: refused my PID

AHPRA: silenced evidence refuses my complaints

NHPOPC: silenced evidence refuses my complaints

Victorian inspectorate: silenced evidence refuses my complaints

Victorian ombudsman: refuses my complaints

Deborah Glass: Refuses to acknowledge me

Gabrielle Williams (mental health minister): refused to see me at her office

The herald Sun: vilified me and fired me

The Age: unfairly dismissed me

All I want is a safe home for my beloved dog crystal and I with enough food medicine healthcare and freedom from oppression and further victimisation from the health sector the law enforcement and government agencies including police ASIO and contractors.

I have proven I am a good communicator and advocate for marginalised people from all walks of life and celebrate diversity in my life ethos.

I wish to be free to serve the Australian community as I have proven to have done for over thirty years.

This message is Dr Rich McLeans (alias Barran Dodger's) affidavit and video statutory declaration for police authorities and the media.

You may hate me or been told things about me by others but even if you hated someone if you look close enough they have qualities you admire.

It is also for any brave person or organisation who is willing to legitimise my experience and prolific evidence for a conspiracy to pervert the course of justice.

This protest letter and email is in order to save my life from state sanctioned murder, suicide via systemic politicised neglect, vilified for mental illness to the exclusion of all other facts and incarcerated in an asylum, or jailed framed for crimes I have readily admitted to or been framed for or otherwise have been committed by me because of the desperation of financial abuse and family violence I suffer and homelessness.

The conditions for me committing these petty crimes were intentionally created by a movement by authorities that retracts prosperity on one vein and then encouraged how ripe I was to be set up to commit crime who's situations were designed.

I wish to express clearly and with definitiveness on Fri 8th of December 2024 mv

affidavit for authorities to acknowledge whilst I have evaded the plan that de legitimises my experience and aims to incarcerate me as a person with mental illness to the exclusion of all other facts or arrest me and potentially jail me in an unfair way.

My video affidavit and statutory declaration is a YouTube video message for the public and authorities at the following link:

<https://youtu.be/Iu9aYnbULZM?si=zFTXWiBhP5RD2odE>

One day someone is going to be brave and stick up for me. If that never comes I'll be dead from a sustained neglect and conspiracy to pervert the course of justice with me as a targeted individual of the Australian government who had been ear marked for destruction.

Please view this here: (that is if the Government has not deleted it):

<https://youtu.be/Iu9aYnbULZM?si=20gQrhHeZSn7CdS>

Evidence:

Narre warren police officer Rejects my asking him to confirm relationship with iasonidis and rejects my report on family violence. He de legitimised a million dollars in an offshore tax haven and murders I know about and also de legitimised actual death threats to me and my dog but focuses on my petty theft from a petrol station and does not acknowledge my experience whatsoever

<https://youtu.be/wbnfGJztVjg?si=iuPHcdpMlpAQWTqP>

Evidence: malpractice from Dr John Whittaker, Mr Russell Ball is a lawyer who informs government policy and advises the ombudsman. He manages to silence evidence of an unfortunate recording made in order that I test my reality is real because of the wide berth of my perceptions due to my illness.

Ball silenced this evidence at HCC MHCC The Police IBAC the Victorian inspectorate AHPRA NHPOPC health minister Greg Hunt and the ombudsman.

My evidence shows from a FOI that he also used his enormous political strength and influence to additionally silence a transcript of the unfortunate recording which I wrongly concurred with AHPRA that it was evidence that could not be acknowledged. I later realised the evidence was a legal document under the surveillance act in Victoria. I had only asked for an apology for the overdose I suffered.

Here is the unfortunate recording proving that Balls enormous political might was one protecting the GP who I hold nothing against and for which he orchestrated a conspiracy.

I was vilified with mental illness for telling the truth and I felt that a conspiracy was happening before I was incarcerated for the first time.

<https://m.soundcloud.com/rich-mclean/dr-john-campbell-whittaker-medical-malpractice-from-millennium-medical-centre-footscray>

All my persecution came from this source in a silent way from afar acting to influence other public officials and lawyers and for which I believe it was me framed as an extortionist. This is incorrect. This persecution was systemic and executed in a way which attacked me via other key players. It reeks of cowardice. It also aims to cause me harm.

Evidence; So blacked out from government I can't even report being drugged and raped by iasonidis to the federal ombudsman where I am also already a failed whistleblower and they reject all future correspondence. Note that Ball informs the ombudsman. This is linked.

Evidence: NACC tell me where to go - this is corruption to the highest level.

https://youtu.be/pFHuHbaca4A?si=lj31_RpqPYdNbymX

Evidence; Ibrahim of personalised support services is in on it and he acted to drain my ndis money and he set me up to be incarcerated so he could wash his hands of me from my accomodation.

<https://youtu.be/b4fL0g7RuSo?si=T0W76snfX2Y7C6G3>

Evidence: AGIS who investigate ASIO are aware of the corruption and still will not investigate Steve iasonidis a corrupt public official enacting family violence. David Irvine was complicit in the exploitation ASIO allowed me to receive a pension when I should have declared it but iasonidis insisted I would lose freedoms if I gave it up and he manipulated me into receiving it. Iasonidis also claimed unbeknownst to me a carers pension for the time we were together and whilst on a meagre pension living off TOD payment Steve early 30-40000 a month. Looking back I was so foolish. Here is AGIS:

https://youtu.be/KtfjNDo0_gI?si=rOehsOJLcmbDeMc8

To Mum and dad I'm sorry I've become a scapegoat and seemingly you can do nothing and you can't or won't stand up for me despite being aware of much evidence.

I am a homeless bankrupt person
I've never had a lawyer
I'm a failed whistleblower
I cannot go to police
I'm vilified for illness

I called the police tonight they said to go in to a station refusing to say if an order for my hospitalisation was in place.

I have provided evidence of the conspiracy to you both and to many of people supposedly in roles of care for me.

I also called the NDIS today they refused to help me despite the circumstances and said they would call back in 24 hours. That's not good enough.

I had applied for a emergency payment from centrelink as a brain damaged mentally I'll man who has no home nor rights either
Legal or human and who is a failed whistleblower under family violence being forced to live in his car. They called me and said I did not "qualify" for an emergency payment. This is the obvious malice intended for me which aims to redact my prosperity.

I am banned at AFCA.

My human rights abuses have been documented but no NDIS company or indeed the AHRC will sign off on the report or investigate it. This corruption elongated my suffering.

I also called local health care services where I was today in greensborough - they told me there is a three month wait and they sent me to a food bank in Greensborough.

I also emailed Dandenong MST and the health services that had "cared" for me after hospitalisations and I also emailed the health complaints commissioner and the office of the chief psychiatrist and none of them have offered a psychiatrist appointment which I am willing to go and participate in as a voluntary patient.

Two days ago I lost another work cover settlement. That is because these decisions are made at government agencies who are opposed to me and my work cover in whatever incarnation was doomed to fail and pre determined to lose. There was supposed to be a conciliation meaning a compromise but the conciliation never happened it was delayed denied deferred which is the government mantra in redacting my just compensations. This is corruption.

This is because of a systemic and political conspiracy to pervert the course of justice that has identified me as a targeted individual.

I told the NDIS I defrauded them because I was financially abused with conspiracy and family violence. But they won't investigate because I used Steve's name to get the money, (which was supposed to help me anyway), and if I go to court for the fraud the whole thing will be blown out of the water and exposed. That means I've a certain amount of protection in a stalemate.

I also went to Orange Door today in Dandenong the family violence people. They operate under DFFS, and that is under DSS. I am a failed whistleblower at DSS so I was not acknowledged or listened to and they sent me away with a bag of noodles. That is called corruption

Lastly I have a federal court document stating on their letterhead in a rejected PID that they are satisfied on evidence provided that I was an employee of DSS. This means my workcover should have been paid but they said I was not an employee for the purposes of the SRC act. Member Purnell upheld it at the AAT after Kate Watson a lawyer for the government said I was not a worker despite me having an employee login and the fed court document

This decision was unbalanced unfair corrupt was pre determined to lose and is against my human rights as a person with a disability because I had no access to the law

The charter of a person with a disability states disabled people must have access to the law and equality before it. I have neither and never have. People see me as too smart too dumb totally mad or not mad enough depending on who's got the money.

It also says that a disabled person must be provided reasonable accommodation and that was ratified by the Australian government in 2008 for all persons of this country who have a disability for which I identify and let's be honest who would say I'm not crazy?

This housing has never happened and accommodation that is reasonable and sustainable has not only been not provided to me but pointedly denied to me systemically and politically.

My claims at CDDC scheme were unanimously rejected from Simon Birmingham and I was told I would never get any compensation of any form from that department.

You are well aware of the conspiracy now there are no more excuses.

My treatment has been elongated unfair unbalanced identifies me vilified me and victimises me focussing on my mental illness to the exclusions of all other factors which everyone knows about.

You as my parents are well aware of my treatment and my suffering but you have acted on the side of my oppression and of Steve Iasonidis and refused to meaningfully intervene in a situation that is very serious and political. You are protected politically for not being seen to intervene and I believe scared of reprisals politically or financially. I'm sorry for your difficult choice to vilify me for illness and keeping me in poverty without justice.

You have neglected to point out facts you know about to authorities

I also told Centrelink I defrauded them of five years of pension when I should have declared it with Steve. This was to force recognition of Steve's manipulation of me in receiving it and legitimising the relationship in which he exploited me. Who would argue now with the death threats it's not family violence and coercive financial control?

I told them to arrest me but they didn't.

Because if I was brought before a court the whole fiasco with Steve and conspiracy would be brought up and this would expose my unjust persecution which caused my murder by deception conspiracy redaction of my prosperity and my vilification for madness.

Lastly I have through my whistleblowing cost Steve a million dollars in embezzlement for his corrupt finances of putting a million dollars from the sale of a home bought on the process of drug trafficking into a tax haven and now he has threatened to kill both me and my dog.

You are both not concerned by this whatsoever or my vagrancy or my homelessness or my lack of access to any justice I find it baffling.

You have both demonstrated to me your profound neglect and I know now for a fact you don't care if I die this saddens me.

You protect Jodie and Brad my sister and brother in their ex communication if me and blame me for illness to the exclusion of all other factors.

That is including that you have confirmed by neglect financial abuse of me and incarcerations and even my death from the conspiracy that you both are now a part of. Life is hard as a scapegoat.

Who do you turn to in life when your own blood family act to your detriment and harm?

I ask you that now and earnestly whilst also thanking you for money or support you have provided in a way maybe you only knew how in difficult circumstances. I have trouble acknowledging you could not do more

I ask you why you have not presented the evidence you have to authorities?

I feel like saying you are both very weak with poor character and no individual critical thought and you refuse to critique the government because in a way you are protected by them for your privileges and comforts. I feel angry.

I know I am brave and courageous.

I feel like saying you are both meek and fearful never brave and always ready and willing to follow your rulers. All you wanted was your prosperity and your luxuries and for that you had to follow the leader.

I've never been like you in that way and I never will. And I don't need anyone's approval to blend in or be like the others.

Barran

I end with a video of my statutory declaration and my affidavit for any court

Pay attention because you'll be exposed in the end but what could you have ever done with this scapegoat who is your son?

Government agents (ASIO? Contractors?) gang stalking my home in Footscray with me under surveillance my privacy compromised where I used to live

under surveillance my privacy compromised where I used to live

Human rights abuses report by Tahsinullah Sultani a registered NDIS support worker. This report was never signed off on by the AHRC or indeed any NDIS agency I was contacted to and that they all owed an obligation to me as a client and person with a disability to report under NDIS code of conduct.

A death threat to kill my dog - the only thing I have left - from someone who either was or speaking for Stefan Iasonidis my former fiancé and ASIO agent. He was apparently done for embezzlement of a million dollars for his corrupt finances due to investing a million dollars from the sale of a home bought from the proceeds of drug trafficking into an offshore tax haven. My whistleblowing exposed him now he - someone who has admitted to being an accomplice to murder - has threatened to kill me and my beloved dog. This is not ok.

“When wealth is passed off as merit, bad luck is seen as bad character. This is how ideologues justify punishing the sick and the poor. But poverty is neither a crime nor a character flaw. Stigmatise those who let people die, not those who struggle to live.”

Rich lives in poverty as an innocent fugitive homeless and ex communicated from his blood family and the federal government. He is aware this scapegoating is biblical of nature and has an almost Christian allegorical crucifixion and resurrection allegory to it. He seeks a simple life with his beloved dog free from oppression and victimisation from authorities and seeks a spiritual transformation celebrating all things kind and human even though he has been forsaken.

If you are in a position of privilege to help and have the compassion to want to do so whilst he fights for justice Richs PayID is the same as his phone number on 0451804410. You can call him he will answer.
