

Date: 14 May 2025

Attention of:

Mr Richard Mclean
AKA: Mr Barran Dodger

Via email.

Dear Barran,

Re: NDIS Funded Supports and Mainstream Supports

I am writing to you to advise and acknowledge that I have had calls from numerous NDIS service providers, asking for details about your NDIS funding and the supports that you have requested. You have passed on my contact number so that they can reach out to me.

To date, you have refused to give me your new mobile number and always call me on a withheld number.

I also acknowledge the voicemails that you have left on my mobile telephone, reiterating that you are homeless, that you do not have money for fuel and food, and food for Crystal your dog. Some of your messages have been very rude and abusive.

I would like to clarify the use of your NDIS funding, as the service providers who contact me all seem to believe that your NDIS Plan has funding in it that will pay for accommodation.

From your Core Support Funding I have listed below what NDIS will and will not fund.

Your NDIS Plan is not funded for the following, and therefore **NDIS service providers cannot be paid for from your NDIS Plan:**

1. Your food.
2. Crystal's dog food.
3. Rent for your accommodation.
4. Fuel for your car.
5. Any maintenance costs for your car.
6. Utility bills, such as mobile phone costs, gas, electricity.

7. You cannot draw cash from your NDIS plan.
8. No NDIS service provider can claim for services they have not delivered and then give you the cash equivalent.

The NDIS funding you have can pay for the following – **and NDIS Providers can be paid for the following:**

1. Support workers that help you to access food banks, shopping, going to the banks, attend medical appointments – and other things you need help with on a day-to-day basis **(Assistance with Daily Life)**.
2. Support workers that help you to access community activities / areas in your local community that you chose to visit, however they cannot pay for the activity itself. **(community participation funding)**.

To ensure that I can follow up in a timely manner with all the NDIS service providers that contact me, (as there are many) – I will ensure I send them a copy of this letter, so they are clear on what NDIS has and has not funded.

Also, for all service providers, your legally appointed guardian in NSW requests the following documents prior to signing any new service agreement. This is to ensure that the organisations that are willing to support you and claim NDIS funding are ethical and have all documents in place (this is part of your guardian's role to follow due diligence as there are some service providers in this sector that do commit fraudulent activities).

NDIS Service providers must send the following documents to me, and I will send to the guardian for sign off:

1. The company's ASIC Registration Certificate.
2. The company's insurance certificates – i.e., Workers Compensation, Professional Indemnity and Professional Liability cover.
3. The support staff – NDIS Worker Screening Certificate.
4. The support staff – Driving Licence.
5. A copy of their completed Service Agreement.

The above list is straightforward, and should not take the NDIS service provider long, as they should have all the documents in their files if they are delivering NDIS supports to participants.

I understand that things are difficult for you, and I have sent you lists of emergency accommodation that you could access in New South Wales as well as South Australia whilst you were there. I understand from the message you left on my phone yesterday, that you are back in Broken Hill, NSW.

The following has been offered to you previously in NSW. I have listed the emergency accommodation options / organisations in this letter on page 3, that you can contact (with assistance for support workers once in place). Please note, that when I have contacted them, part of their process is to meet with you before

processing any accommodation option they may have. Rent for these accommodation options must be paid for by your administrator if you have the funds available.

NSW

- MAC Application through Mission Australia has been completed
- AHA Social Housing application has been completed
- Link2Home on 1800 152 152 which is a 24/7 hotline
- Use this link [Housing \(Sleep tonight\) | Ask Izzy](#)
- Matthew Talbot Hostel – crisis hostel (up to 3 months, males only) - (02) 9358 8102
- Bowering House - long-term semi-supported accommodation service for males via Mission Australia. (Must have significant diagnosed mental illness and be case managed by Northern Beaches Assertive Outreach Team) – (02) 9699 4879
- Casa Venegas – crisis accommodation and mental health support via St. John of God - (02) 9715 9231

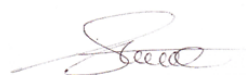

Many of the NDIS service providers have expressed concerns for your welfare; namely that you are homeless but also focussed on your mental health. The Community Treatment Order in place under the Mental Health Act was revoked earlier this year as they could not locate you. But if at any time you feel unwell, please attend any local hospital and they will assess the situation.

Your current NDIS plan end date is 17 June 2025. We still require an urgent occupational therapist's functional capacity assessment as well as a Home and Living assessment to be completed.

This is the only avenue for us to submit a Change of Situation report to see if we have enough evidence for NDIS to consider any kind of increase in your core support funding / or supported independent accommodation funding.

I have an experienced occupational therapist who is waiting to meet you via telehealth. Please let me know if you would like me to arrange this.

Kind Regards

A handwritten signature in blue ink, appearing to read 'Sue', is located at the bottom left of the page.
