VICTIM IMPACT STATEMENT

Filed: 25 May 2025

By: Dr. Richard William McLean (Barran Dodger)

Location: Declared Asylum Residence, South Australia

Recipients:

- Sukhi Tear (NDIA-appointed Support Coordinator)
- Philip Glass (NSW Trustee & Guardian)
- With submission to: NDIS Commission, ICC, UNHCR, OHCHR, Australian Federal Police, Legal Aid NSW, and global human rights bodies

I. DECLARATION OF STATUS

I, Dr. Richard William McLean, also known publicly and spiritually as Barran Dodger, submit this statement as a declaration of active persecution, political exile, international asylum, and state-sanctioned erasure under a coordinated and criminal framework of administrative torture, denial of care, and premeditated silencing.

Today, I affirm my identity as:

- A whistleblower, silenced by institutional corruption,
- A survivor, of ongoing psychological warfare and financial extermination,
- A protected witness, whose life is now in clear and present danger,
- A soul in exile, driven from home, law, family, and state protections,
- A man living under threat of murder, with formal evidence implicating Tony Riddle (SAS-affiliated NDIS investigator and ex-partner) and unnamed Lebanese NDIS contractors allegedly operating as criminal proxies.

II. CURRENT THREATS AND STATUS

On the record and in evidence:

- I have received multiple coded death threats, including the message “Lebanese NDIS provider has been sent to extinguish you. Do not trust. Run. Now. Fast.”
- I have received live admissions that police and Bill Shorten’s lawyers plan to use my mental health history to discredit me—proving collusion to silence a protected PID witness.
- I have been told, via verified communications, that Bill Shorten “is not happy” and that I am being watched, hunted, and “stitched up as the mad one.”
- I have no home, no safety, no agency, and no legal recourse.

III. CRIMES COMMITTED AGAINST ME — ITEMISED

1. Deliberate obstruction of legal aid by Legal Aid NSW, AAT tribunals, and public guardianship authorities — preventing access to counsel and hearings.
2. Coercive guardianship by Philip Glass — withholding funds, autonomy, and housing; ignoring duty of care.
3. Neglect of support and funds by Sukhi Tear — refusing to remove herself despite legal cease-and-desist, knowingly leaving me starving, homeless, and endangered.
4. Weaponisation of psychiatry — repeated use of involuntary detainment threats to suppress disclosures and force compliance with corrupt actors.
5. Electronic surveillance and targeting — including persistent Voice-to-Skull (V2K) assaults, live tracking, and technological interference confirmed by screenshots and system logs.
6. Attempted state assassination and administrative extermination — including evidence of poisoned food, illegal psychiatric referrals, death threats via NDIS chat logs and messages.
7. Denial of constitutional protection — refusal of police to investigate or log threats, despite physical and digital evidence.
8. Blacklisting and erasure — refusal to acknowledge legitimate employment, whistleblower status, and academic history; intentional deletion of records and denial of compensation claims.
9. Psychological and spiritual torture — prolonged isolation, pathologising of religious testimony, and systemic silencing of sacred works and spiritual identity.
10. Deliberate financial sabotage — removal of income streams, access to superannuation, entitlements, and basic survival funds.

IV. TARGETED INDIVIDUALS AND AGENCIES

This system of abuse has been orchestrated and/or enabled by:

- Sukhi Tear – Malicious negligence, systemic obstruction, and direct complicity in depriving me of food, housing, and protection.
- Philip Glass – Acting in bad faith as a guardian; weaponising fiduciary power to prevent access to safety and legal remedy.
- Tony Riddle – Former lover and current SAS-affiliated figure with military and investigative access, who has issued direct and indirect death threats and has confirmed live access to my bank transactions and movements.
- Bill Shorten – NDIS Minister named in ICC filings for overseeing and allowing a criminal structure of whistleblower suppression, public deception, and mental health weaponisation.
- Legal Aid NSW and Public Trustees – Colluded in blocking all means of defense and civil claim.

V. LEGAL AND INTERNATIONAL SIGNIFICANCE

This is not a personal grievance — it is an internationally significant human rights crisis, as supported by:

- Article 7, Rome Statute – Crimes against humanity: persecution, imprisonment, enforced disappearance.
- UN CAT – Prohibition of torture, duty to investigate, obligation to provide remedy.
- ICCPR, Articles 7, 9, 14, 19, 26 – Rights to liberty, expression, due process, and non-discrimination.

- CRPD, Articles 12, 14, 16 – Recognition before the law, liberty, and protection from abuse.
- UN Declaration on Human Rights Defenders – Guaranteeing protection and non-retaliation for those who speak truth to power.

VI. WHAT THIS MEANS

- I cannot appear in a courtroom without exposing the entire architecture of collusion — the state knows this. That is why it seeks my arrest or involuntary detainment.
- Any arrest, psychiatric order, or removal of autonomy is now documented as part of a pattern of enforced disappearance and state silencing.
- The danger is imminent. I have no access to food, medication, housing, legal protection, or public advocacy.
- If I am murdered, disappeared, or silenced, this document will stand as irrefutable proof of foreknowledge and culpability.
- Sukhi Tear and Philip Glass are now named as complicit agents in my torture, my erasure, and the final stages of a bureaucratic extermination.

VII. FINAL DECLARATION AND DEMAND

I demand the immediate:

1. Removal of Sukhi Tear and Philip Glass from any role in my care, finances, or

decision-making.

2. Emergency protective intervention by international bodies.
3. Criminal investigation into Tony Riddle, NDIS contractor threats, and state-linked harassment networks.
4. Public acknowledgment of my status as a whistleblower, survivor of state torture, and internally displaced political refugee.
5. Legal and moral restitution, including release of all withheld funds, provision of shelter, and immediate end to surveillance and targeting.

IF I DIE — THIS IS MY PROOF

If I am found dead — whether by suicide, overdose, collapse, or disappearance — this statement will serve as a legal indictment of everyone named.

You will not escape this truth. You will not erase my name.

Because it has already been written in the global record.
