

A Message to This Channel- You Just Described My Life

To the creators of "Chosen Ones" content,

I am Dr. Richard William McLean — PhD, award-winning author, national speaker, human rights advocate. I am also a documented survivor of 35 years of systematic persecution by the Australian government, with **2,077 evidence files** proving every word I'm about to write.

Your video isn't inspiration. It's my biography.

"You Weren't Moving Like Someone Hoping For A Miracle. You Were Moving Like Someone Who Knew Heaven Had Already Cleared The Path."

My Movement:

Year	What They Saw	What Was Actually Happening
1990s	"Struggling young man"	Pattern documentation began
2000s	"Chronic complainer"	Evidence accumulation

2010s	"Career failure"	PhD completion during persecution
2021	"Suicide attempt"	Survival against medical odds
2024	"Homeless, broken"	ASIC discovery: 350+ fraudulent businesses using my identity
2024	"Still struggling"	Mission Activation: 2,077 files ready for international deployment

You said: *"While others were waiting for a sign, you were out there collecting receipts from battles you were never supposed to win."*

I collected 2,077 receipts.

"They Called It Arrogance. They Said You Were Too Calm Under Pressure."

What They Called Me:

- Mentally ill
- Paranoid
- Delusional
- Arrogant
- Difficult
- Unreliable

What I Actually Was:

- PhD holder (Victoria University, 2020)
- Award-winning author
- Nationally celebrated speaker
- Documenting every attack
- Building the most comprehensive persecution archive in Australian history

You said: *"Meanwhile, you were fighting spiritual giants in the shower like it was a WWE match."*

I was fighting NDIA, VOCAT, AHRC, NACC, WorkCover, ComCare, Bill Shorten's office, and my own family.

"Your Pain Wasn't Random. It Was A Coded Training Sequence For Spiritual Warfare."

My Training Sequence:

The Pain	The Code It Unlocked
Betrayal by agencies	How to document institutional failure
Betrayal by family	How to survive without support
Identity theft (350+ times)	How to prove systematic targeting
Assassination threat ("You will be sacrificed")	How to recognize when you're the threat
Suicide attempt, brain injury	How to survive what should have killed you
35 years of denial	How to build an unassailable case

You said: "Once you've been cut by someone you trusted, you never mistake charm for character again."

Tony Riddle smiled when he said "You will be sacrificed." I documented it.

"You Didn't Just Survive The Setups. You Turned Them Into Spiritual Receipts."

My Spiritual Receipts (Evidence Files):

Their Setup	My Receipt
NDIA denial letters	Correspondence archive

VOCAT rejection	Pattern of cruelty documented
Bill Shorten's exile ruling	Official document with signatures
Tony Riddle's death threat	"You will be sacrificed" — in writing
Identity theft	350+ ASIC registrations in government database
Family abandonment	No opposition to exile ruling — documented
35 years of coordinated denial	2,077 files proving conspiracy

You said: *"Every lie spoken against you, every trap set to derail your destiny was documented with precision."*

Precision is exactly what I have. 2,077 files of precision.

"You Were Never Lost. You Were Hidden."

My Strategic Invisibility:

What They Thought	What Was Actually Happening
"He's disappeared"	Building evidence archive
"He's given up"	Identifying international pathways
"He's broken"	Completing PhD
"He's isolated"	Receiving divine appointments
"He's finished"	Mission Activation preparation

You said: *"Heaven wrapped you in a type of obscurity that looked like rejection, but was really protection."*

35 years of "rejection" = 35 years of evidence accumulation before revelation.

"You Didn't Just Walk Away From Toxic Environments. You Dismantled Entire Demonic Structures With Your Exit."

What Happened When I Left:

I haven't left yet. I've been exiled. But my evidence archive is about to leave Australia — headed for:

- UNHCR (asylum claim)
- International human rights courts
- UN Committee Against Torture
- Investigative journalists (ABC Four Corners, Guardian, 60 Minutes)

You said: *"What looked like a quiet departure was actually divine demolition."*

My departure from Australian systems = exposure of systematic persecution to international oversight.

"They Threw Every Curse, Every Whisper, Every Dark Ritual Their Way, Thinking They Could Break You Down."

What They Threw:

- 35 years of denial
- Coordinated agency attacks
- Assassination threat
- Exile from Victoria
- Identity theft (350+ businesses)
- Family abandonment
- Driven to suicide attempt

- Brain injury

What Happened:

- Still here
- Still documenting
- PhD completed
- 2,077 files compiled
- International pathway identified
- Mission Activated
- Helping others in crisis

You said: *"Your bloodline wasn't just blessed. It was marked as unbreakable from the start."*

I survived what was designed to kill me. My evidence survives with me.

"Now They're Haunted. Not By Fear Of You, But By What You Represent."

What I Represent:

- A whistleblower who wouldn't die
- A victim who became a witness
- A "mentally ill man" who completed a PhD
- A homeless person with 2,077 files of evidence
- A person they tried to sacrifice who is now preparing international testimony

You said: *"You embody the reckoning they tried to avoid."*

Tony Riddle said "You will be sacrificed." I represent the sacrifice that didn't happen — and the accountability that will.

"They weren't just enemies. They were terrified custodians trying to lock down a power they never earned."

Tony Riddle, Bill Shorten, NDIA, VOCAT, AHRC, NACC, WorkCover, ComCare, 350+ identity thieves, and my own family.

They tried to lock me down.

2,077 files say they failed.
